The Strata Council and the Property Manager reviewed the schedule of arrears with the Council members. In addition to a lien registration, Strata Council authorized the Property Manager to restrict access to the Recreation Centre and the Amenity Room for all serious offenders, with thirty (30) days written notice.

Strata Council agreed to record any strata lot in arrears in excess of \$1,000 in the monthly minutes. The Property Manager will report back to the Strata Council once the engineer's assessment is completed.

8. GENERAL MAINTENANCE

Residents are reminded to contact the Property Manager with any common area maintenance concerns or requests.

a. The Property Manager discussed and reviewed the Makeup Air Unit (MUA) in the Northgate building that is currently shut down due to unrepairable damage to the heat exchanger. The council members discussed a quote from Carrier for replacement of the Northgate MUA and an additional quote for replacement of the Southgate MUA that had been earlier recommended by the mechanical contractor. Replacement of both units at the same time results in a \$ 5,500

savings to the strata. The Property Manager noted that replacement of the Southgate MUA was provided for in the Capital Plan but that the Northgate MUA had failed prior to the Southgate unit. Both units are original installations. The Property Manager confirmed that he was arranging for additional quotes to enable council to make a fully-informed decision on replacing only one or both units at the same time.

It was: MOVED and SECONDED

To approve the Carrier quote for replacement of both the Southgate and Northgate MUA units subject to the owners' approval of the Capital Plan at the Annual General meeting
